NOTE.—The above decennial table, although a correct return of the value of exports from the different districts, does not show the actual value of the quantities of produce of each district respectively. Considerable quantities of wool and gold are often forwarded coastwise to other ports, from which they were finally cleared for shipment beyond seas.

NOTE.—In the Provincial Districts of Nelson, Marlborough, Canterbury, Westland, and Otago the Native title has become extinct, and the total areas in the hands of Government are therefore the balances of the areas of those provincial districts after deducting the acreages alienated as shown in the second column. In the other provincial districts a large balance of land is still in the hands of Native proprietors. The confiscated lands are situated in the Provincial Districts of Auckland, Taranaki, Hawke's Bay, and Wellington; of these lands 1,371,470 acres were sold up to the end of 1876, since which time no separate account has been kept of the confiscated lands. The gross quantities sold, or otherwise disposed of, of these lands in each provincial district, are now merged in the total quantity of waste lands alienated from the Crown, shown in the second column of this table.

\* The population in 1878 are the numbers ascertained for each provincial district by a census of the colony taken for the 3rd March in that year.

† In 1869 and 1871 separate accounts of the quantities of land sown in oats for green crops were not taken. Such quantities for those years are included under the headings of "Hay" or "Other Crops."

‡ In February, 1871, Returns of Agricultural Statistics were obtained only for grain crops, hay, and potatoes, other and more detailed information being obtained through the general census of the colony taken for the 27th of the same month. The number of holdings given in the table for that year will not, therefore, admit of any accurate comparison, so far, with the other years included in it.

NOTE.—In the Returns of Agricultural Statistics as above summarized, gardens and orchards attached to residences, holdings of a less extent than one acre, and holdings occupied by aboriginal natives, are not included.

NOTE.—If the numbers given in the above columns be added up they will not agree with the actual number of Patents, &c., applied for, as some of the inventions are enumerated under more than one heading, in consequence of their being applicable to more than one purpose. In cases where applications are lodged more than once, in consequence of some irregularity, only one of such applications is included in the foregoing return.

\* In several of these cases the same persons were tried upon other charges.

NOTE.—In regard to the offences entered in this table, discrepancies appear between the number of committals and the numbers tried or not prosecuted. This is partly accounted for by the returns of committals by Coroners, or by some Magistrates in Petty Sessions, not having been made, and by the fact that persons are sometimes committed on one charge, and the conviction takes place on a count in the indictment which brings the offence under another heading. Besides which, in some cases the prisoners tried were committed before the commencement of the year, and in other cases prisoners have been committed towards the end of the year, but who had not been tried until after the expiration thereof.

\* There were no executions during 1878. Two men were sentenced to death for murder. In one case the sentence was commuted to imprisonment for life; in the other, the sentence of death was carried out in 1879.  
NOTE.—The numbers only of distinct individuals tried and convicted during 1878 in the superior Courts are shown in this table of ages, and which are 53 less than the total number of charges on which committals were made during the year, as shown in the other tables relating to criminal offences.

NOTE.—Acts were passed in 1878 for the establishment of ten additional high schools in different parts of the colony, to be endowed with grants of land. Of these proposed high schools, the Girls' High School, Auckland, was the only one established in the year 1878.

(<sup>1</sup>) In connection with the Wellington College there are four endowed scholarships, viz., two of £25 each, tenable for two years, and two of £40 each, tenable respectively for two and three years. (<sup>2</sup>) There are four endowed scholarships, viz., £24, tenable for three years; £20, tenable for three years; and £16, tenable for three years. There are also six foundation scholarships varying in value from £5 to £20, and, for the present, four Governors'-fees scholarships of the value of £12 10s. each. (<sup>3</sup>) The Christ's College Grammar School is a department of Christ's College, Canterbury. At present there are in connection with the Grammar School two scholarships of £40 each, and four scholarships of £15 each per annum. It is proposed to increase the number, the income of the various scholarships having considerably increased. (<sup>4</sup>) In connection with the Girls' High School, Dunedin, there are three open exhibitions of £20, tenable for one year, open to competition by pupils of the school and others; and four of £10 each, open to competition by pupils only.

(12) Gold duty and gold fields revenue, £977 8s. 1d., included.

(13) Gold duty and gold fields revenue, £940, included.

NOTE.—Wherever blanks occur in this table the public works were altogether carried on under the direction of "The Counties Act, 1876," not having been in operation. In the case of Geraldine in the previous year the receipts of this county were of considerable magnitude. Since then doubts have arisen as to the legal constitution and powers of the Council. No return of receipts and expenditure for the year has been received.

\* By the 13th section of "The Public Works Act, 1876," every County Council and every Road Board is required to send in their accounts to the Minister, made up to the 31st March in each year. The several returns from which this table has been compiled are for that date, except the following, which are for the financial year ending 30th June, 1879, viz., Maungakaramea, Kaupapakapa, Matakana East, Matakana West, Pokeno, and Clive. In the case of Temuka, the return is to the 31st December, 1878.

† In cases where sums were received in aid from the County Councils, the amounts are included in this column.

‡ Outstanding loans are included.

NOTE.—Wherever blanks occur in the foregoing tables, nil returns have in some cases been received, and in others the information has not been supplied. In regard to several of the road districts here referred to, the Boards are not as yet constituted, and no rates have been levied. The Road Districts of Lyell, Inangahua, and Cobden are now merged into their respective counties.

UNIVERSITY OF ILLINOIS LIBRARY

SEP 18 1917.

TO THE HONOURABLE THE COLONIAL SECRETARY.

Registrar-General's Office,

Wellington, 29th November, 1893.

SIR,—

I have the honour to submit to you the complete volume of Statistics for the year 1892.

Part I., Blue Book; Part II., Population and Vital Statistics; and Part III., Trade and Interchange, comprising 234 pages of the tables most in request, were circulated on the 23rd June last.

Of further tables, now appearing for the first time, those of Part VI., which deal with accounts of various local governing bodies in New Zealand, brought up to the 31st March of the current year, have been, as usual, very difficult to complete owing to delay in sending the necessary returns.

The "New Zealand Official Year-book" for 1893, published in September last, contained a complete report on the Statistics of 1892 (although all the detailed tables had not appeared in print at that time), except as to statistics of crime and private schools, for which the figures of 1891 were given as the latest then available.

I have the honour to be,

Sir,

Your most obedient servant,

E. J. VON DADELSZEN,

Registrar-General.
